

Protect Yourself From Financial Exploitation

Financial crimes against seniors are growing at an alarming rate. Use the tips below as a starting point to avoid becoming a victim.

- ▶ If an offer sounds too good to be true, it usually is.
- ▶ Use your caller ID to screen phone calls. Don't talk to people you do not know who may call you on the phone.
- ▶ Don't let anyone use your ATM card or learn your PIN number.
- ▶ Have regular checks and payments deposited directly into your account.
- ▶ Get to know your banker and build a relationship with the people who handle your finances. They can look out for any suspicious activity related to your account.
